Date: - 22.10.2018

I had two kidney stones in my right kidney, about 6 mm & 4 mm size and I was suffering from constant stone pain for 3 days in late August 2018.

I, then, consulted Dr. Yogesh Ghongade [M.D. (Homeopathy), Gold Medalist]. He gave me some tablets & liquid. During the course of medicines, I did not have any pain of the kidney stone.

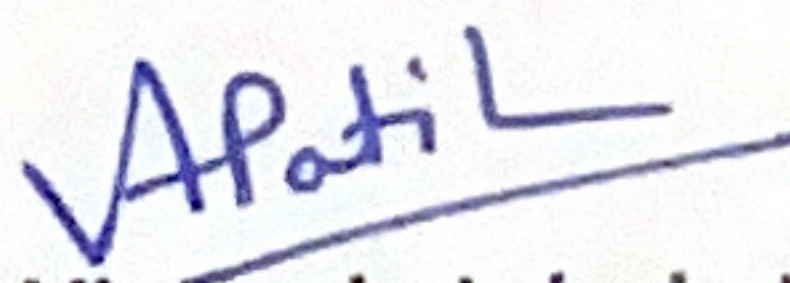

I was surprised to see kidney stone passed, before finishing the course of medicines.

Considering the size of stone, I was afraid of the pain which I would have to suffer when stone will pass through ureter. But to my surprise, after course of medicines stone passed through without any pain. Immediately after watching the actual stone in my hand, it came to my mind "Homeopathy Zindabad".

I am really thankful to Dr. Yogesh Ghongade, he has saved me from horrifying pain of kidney stone. I also continued his medicines further to prevent formation of kidney stone in future. After one month, my sonography report did not revealed any kidney stone.

I highly recommend Dr. Yogesh Ghongade [M.D. (Homeopathy), Gold Medalist].

Thanks again!
