

My self Minal Ahire .  
.from nashik

I was tested as corona positive..immediately I got hospital and taken medicine.after 2-3 days my two daughters got flue..then I immediately contacted to our homepathic doctor yogesh ghongde..he told me calm down .just take the medicine which I give you..he given dose for me andand my daughters.n also they have different dose for those who are in contact with corona positive..so I have taken dose for me..my daughters and my parents who were in contact with me..and wondered .after taken dose of 8-10 days me and my daughters felt very well..not only we got free from Corona but also due to that medicines we are feeling fresh...

I suggest other people's do not get panic and take Dr. Yogesh Ghongde treatment.
